## The American Legion

---

Visitors present: Mock Group.

The group included Angelo, Hanna, Taylor, and Dick. The top four advanced to state. They finished seventh and there was thirteen teams participating. They were two points out of fifth. There were some conflict with one of the teams but the judges decided not to disqualify them. The judges of the competition was some lawyers and one judge. The case they had to argue was about art theft. The defendant was an art dealer and her father stole some art. After her father died she didn't return it sooner. She was then charge with theft. The judges do not have to tell them if they won or lost. They found out on 1 of the 2 trials the results. The win or loss does not affect their scores. The competition was held in Davenport, Iowa. They had fun. As long as Kennedy High School does not sponsor a Mock Trial team the American Legion Post 735 will sponsor the team. We need to send a check to the Iowa Bar Association for the team. The other teams are sponsored by high schools. They were the only team sponged not by a high school.

The March meeting was cancelled (needed a quorum) therefore there were no minutes.
